ATTACHING TO YOUR CAR SEAT

Recline the car seat for ease of feeding the strap and best child comfort.

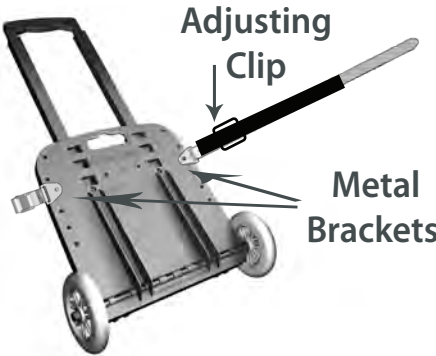

QUICK RELEASE STRAP

The Quick Release Strap is pre-assembled onto the Plate of the gogo Kidz Travelmate for use with most car seats. You may need to make adjustments in the length of the strap for proper tension or the height of the strap on the Plate to align with car seat belt opening.

TO LENGTHEN OR SHORTEN THE STRAP: Slide the adjusting clip.

TO ADJUST THE STRAP HEIGHT: Remove the metal brackets and binding posts that attach the strap to the Plate with a screwdriver. Reposition the bracket in holes on the sides of the Plate. Make sure you position both metal brackets in same hole on each side (ex: left side is fourth hole from the bottom and right side is fourth hole from the bottom).

The gogo Kidz® Travelmate will accommodate most convertible and toddler car seats.
Below is a list of confirmed car seats.
